Conference Abstract Submission Guideline

Every abstract must follow the format below; submissions that do not will be returned for correction.

Element	Requirement
Title	14 pt font, Times New Roman, Center alignment, not more than 200 characters (including spaces), standard characters only. It must clearly fit the conference area and section.
Conference area and section	State the conference area and section the abstract is submitted to, directly under the title or at the end.
Authors	Full names of all authors (Center alignment), in order of contribution. Mark each with a superscript number linked to an affiliation.
Affiliations	Full affiliation for each author: department, institution, city, post code, and country. (11 pt).
Corresponding author	Mark with an asterisk (*) and give the email address.
Presenting author	Name must be **bold and underlined**. The presenting author must be either the first author or the corresponding author.
Structure	Four headings in this order: Aim and Background, Introduction, Methodology, Results, Conclusion.
Word limit	Maximum 250 words, counting only the four sections (12 pt, Times New Roman, Line space 1.15). Title, authors, affiliations and keywords are not counted.
Keywords	Maximum 5, listed in alphabetical order.
